Graymont announces launch of community-focused Carbon Reduction Fund and invites applications for 2022 initiatives

We are proud to announce the launch of the Graymont Carbon Reduction Fund, an innovative, grass-roots initiative designed to support the development of carbon-reduction initiatives in the communities across the globe that we call home.

The fund's role is to support projects focused on:

- Protecting the environment by the responsible use of resources
- Reducing our carbon footprint through increased energy efficiency
- Developing and maintaining natural, biological 'carbon sinks' such as agricultural land, forests or peat bogs that act as a natural offset for carbon

If you have a project idea that relates to any of these topics, the GCRF is looking for you!

 PARTNERING WITH OUR COMMUNITIES

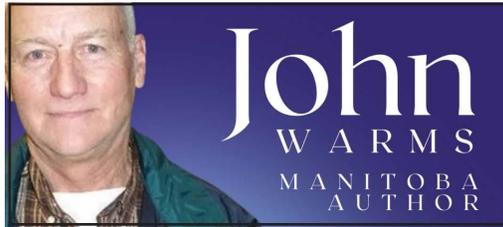

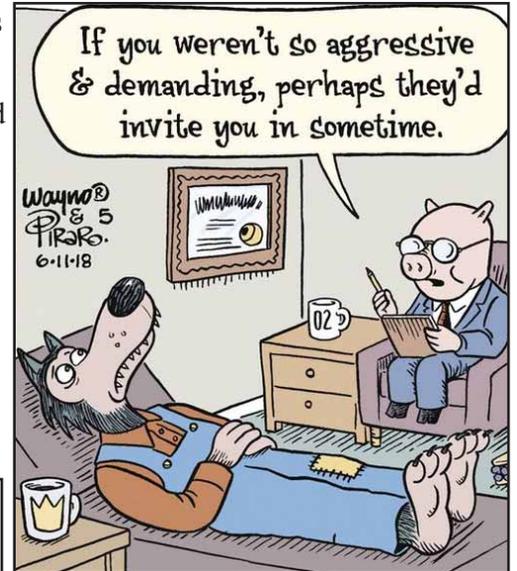

Releasing the Energy of Anger

When we can release our hold on negativity, we leave it in the hands of a wise universe to work out the best solution. There can be times when we get so angry with someone that we find ourselves imagining ways to seek revenge for the hurt they've caused us. Remember, however, that these thoughts are simply energetic creations. In order to keep yourself from taking part in a rebalancing of energy, it is important to release the thoughts, and the person, into the care of the universe with forgiveness.

Before we invest our energy in negative thoughts or actions, we should remind ourselves that everything has a purpose. We can then consider that perhaps the actions of the other person may have had nothing to do with us. If we don't take their actions personally, it can be easier to release them. Remembering that every interaction is an opportunity to make a better choice, take a deep breath before responding and allow yourself the time to reconnect to your center and make the choice to respond from your higher self. We can never know all the circumstances that may have led someone to do something. By not passing judgment on anyone and instead sending hope for their healing, we may create something positive out of a difficult situation. We can then release it, since dwelling on it can energetically drain our system, causing us to only hurt ourselves. When we can release our hold on negative events and interactions, we leave it in the hands of a wise universe to work out the best solution for all involved.

Every moment, we have a chance to make a choice to bring light into the world. When we bless others with the gift of our positive energy, instead of letting circumstances negatively affect us, we bring a little peace to the world every day.

Pumpkin Cheesecake with Sour Cream Topping

INGREDIENTS:
 1-1/2 cups graham cracker crumbs
 1/4 cup sugar
 1/3 cup butter, melted

FILLING:
 3 pkgs (8 oz each) cream cheese, softened
 1 cup packed brown sugar
 1 can (15 ounces) solid-pack pumpkin
 1 can (5 ounces) evaporated milk
 2 tablespoons cornstarch
 1-1/4 teaspoons ground cinnamon
 1/2 teaspoon ground nutmeg
 2 eggs, lightly beaten

SOUR CREAM LAYER:
 2 cups (16 ounces) sour cream
 1/3 cup sugar
 1 teaspoon vanilla extract
 Additional ground cinnamon

OPTIONAL TOPPINGS:
 Caramel sundae syrup
 Chocolate syrup
 Whipped cream
 Chocolate curls

DIRECTIONS

In a small bowl, combine crumbs and sugar; stir in butter. Press onto the bottom and 1-1/2 in. up the sides of a greased 9-in. springform pan. Bake at 350° for 5-7 minutes or until set. Cool for 10 minutes.

In a large bowl, beat cream cheese and brown sugar until smooth. Beat in the pumpkin, milk, cornstarch, cinnamon and nutmeg. Add eggs; beat on low speed just until combined. Pour into crust.

Place pan on a baking sheet. Bake at 350° for 55-60 minutes or until center is almost set. In a small bowl, combine the sour cream, sugar and vanilla; spread over filling. Bake 5 minutes longer. Cool on a wire rack for 10 minutes. Carefully run a knife around edge of pan to loosen; cool 1 hour longer. Chill overnight. Remove sides of pan. Let stand at room temperature 30 minutes before slicing. If desired, serve with toppings. Yield: 12-14 servings.
