## Looking at Life from All Sides

*Expanding your perspective opens you to insights and inspirations.*

Whenever we examine our lives, we examine them from a particular side or angle. Most of us tend to favor one side over the others. For example, we may tend to look at things from an emotional perspective rather than a financial perspective, or we may prefer to think in terms of details rather than the big picture, or vice versa. To a certain degree, this is not a problem, and these tendencies add color to our individual personalities. However, they can also make us one-sided, blind to the many other ways of looking at our situation. Even if we have decided that we are most happy when we focus on one particular side of things, it is always worth exploring the other sides. When we do, we become well rounded, more understanding of other viewpoints, and even more solid in our own.

Perhaps you are a person who tends to see your life in terms of your spiritual well-being. As a result, other concerns such as financial comfort or social standing may not be prominent in your mind as you make decisions. However, taking just a moment to consider those angles will help you in several ways. One, it will enable you to see more clearly what your priorities are and how they influence your life situation. Two, it will enhance your sense of confidence, because you will see your situation from all sides, even as you choose one. And three, it will help you communicate with others about who you are and what you are doing, because you will come from a place of understanding that your own biases and tendencies are unique as are theirs.

Most of us instinctively come at things from a particular angle, and in many cases this is the right way for us. Still, understanding the other angles only strengthens us. When we look at our lives from all sides, we shed light on the big picture, giving ourselves access to many points of view and highlighting more clearly the one we have chosen to take.

## Plum Upside-Down Cake

Serves 8, Hands-On Time: 20 min Total Time: 2hr 20m

### Ingredients

1/2 cup (1 stick) plus 1 tablespoon unsalted butter, plus extra for the pan, at room temperature  
 4 firm, ripe plums, each cut into 8 wedges  
 1/4 cup plus 2/3 cup granulated sugar  
 1 cup all-purpose flour  
 3/4 teaspoon baking powder  
 1/4 teaspoon baking soda  
 1/4 teaspoon kosher salt  
 1 large egg  
 2/3 cup sour cream  
 1 teaspoon pure vanilla extract

### Directions

Heat oven to 350° F. Butter an 8-inch cake pan and line the bottom with parchment paper. Melt 1 tablespoon of the butter in a large skillet over medium-high heat. Add the plums and 1/4 cup of the sugar and cook, tossing, until the sugar dissolves and the juices from the plums become syrupy, 3 to 4 minutes. Arrange the plums in the cake pan in slightly overlapping concentric circles, starting from the outside. Spoon any pan juices over the top. In a small bowl, whisk together the flour, baking powder, baking soda, and salt. With an electric mixer, beat the remaining 1/2 cup of the butter and 2/3 cup of the sugar until fluffy. Beat in the egg, sour cream, and vanilla. Gradually add the flour mixture, mixing just until incorporated.

Pour the batter over the plums and bake until a toothpick inserted in the center comes out clean, 50 to 55 minutes. Let cool in the pan for 1 hour. Place a large plate over the cake pan and invert the cake onto the plate.

## Access Credit Union and Amaranth Credit Union Engage In Merger Discussions

**Manitoba**—The Boards of Directors for Access Credit Union and Amaranth Credit Union are pleased to announce that they are currently engaged in discussions regarding the potential for a merger between the two organizations.

Leaders from Access and Amaranth began discussions earlier in 2022 following Amaranth's expressed interest in joining Access. Both credit union boards value the cooperative principles, which include investing in communities, and keeping rural branches accessible and open. Joining Access, the largest credit union in Manitoba, would allow Amaranth members to benefit from better technology and innovative solutions in an ever-increasing competitive environment.

As part of their continuing due diligence, Amaranth Credit Union will encourage participation by engaging with their members and employees. This will be valuable as they determine their next steps, and the Amaranth board prepares a recommendation to their membership. If the recommendation to move forward proceeds, Amaranth members would vote on the proposal. Access members are not required to vote since Access' portion of assets represent more than 90% of the proposed new entity's asset size.

"The proposed partnership with Access provides tremendous benefits to our members, employees, and communities. Although these discussions are still in the beginning stages, we look forward to bringing more details forward to our members in the future," noted Amaranth President, Marie Strong.

"We continue to look towards building a credit union for all Manitobans. Amaranth shares that perspective and these merger discussions are focused on how to extend that vision to Amaranth and its surrounding communities." shared Kevin Beresford, Board Chair for Access Credit Union.

Following completion of the due diligence process, if the Board of Directors choose to recommend a merger, they will seek Amaranth's membership approval in the fall of 2022.
